

Elina Korhonen

Senior Data Scientist

elina.korhonen@example.com | +358 40 123 4567 | Helsinki, Finland

Experience

Senior Data Scientist, Nordcom Oy (2020-2026) - 6 years

- Built and deployed churn and pricing models in Python with scikit-learn and PyTorch
 - Owned the forecasting stack end to end on GCP, orchestrated with Airflow over BigQuery
- Data Scientist, Vantaa Systems (2018-2020)
- Statistical modelling and experiment design for the recommendation team, in Python and SQL

Education

M.Sc. Computer Science, Aalto University (2018)

Skills

Python, scikit-learn, PyTorch, SQL, BigQuery, GCP, Airflow, statistical modelling

Projects

- Open-source churn-prediction library (450 GitHub stars)
- Demand forecasting model that cut stockouts by 30%
- Internal experimentation platform used by 12 teams
