

Marcus Chen

Data Scientist

marcus.chen@example.com | +358 40 222 3344 | Espoo, Finland

Experience

Data Scientist, CloudNorth Ltd (2021-2026) - 5 years

- Fraud-detection models in Python with scikit-learn, retrained weekly on Azure
- Hypothesis testing and experiment design for the payments team

Data Analyst, StartHub (2019-2021)

- SQL reporting over a PostgreSQL warehouse, with Spark for the heavy aggregations

Education

B.Sc. Software Engineering, University of Helsinki (2019)

Skills

Python, scikit-learn, SQL, PostgreSQL, Azure, Spark, hypothesis testing

Projects

- Rebuilt the fraud-detection model, cut false positives by 40%
- Ran the pricing experiment programme for two product lines
